

Mission

Established in 1980, D&G BAIT, INC. has become one of the largest wholesale fishing bait distributors in the Pacific Northwest. Over the years we have perfected many fishing baits, which include packaging of live perishables, frozen, processed, cured, colored enhanced and custom packaged attractively for the fishermen's eye. All are trademarked and registered under the name of Guide's Choice®.

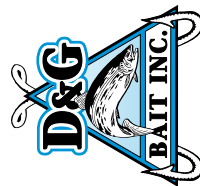

Our products are very unique and have a definite advantage to fisherman and bait distributors who, nationwide, have added our products into their product line and are doing very well. We are sure that some, if not all of our products will become your best selling items also. Many distributors have found this profitably true.

Purchase our products on-line at www.DGBait.net.

Guides Choice® Anglers Menu

All of the finest custom packaged products a fish could ever dream of! All cured, pickled, fresh, and frozen with the renowned Guide's Choice® label.

It's Time to Fish the Best"***

Coon Stripe Shrimp

This product has been doing great on salmon, steelhead, sturgeon, trout, catfish, and some saltwater fishes. Bottled in 9 oz. glass jars with a saucy fish attracting brine, and comes in many fluorescent colors. Stays on the hook very well cast after cast.

Catfish Treats

Guide's Choice® Catfish Treats are one of the most sought after baits anywhere catfish are fished for. They are made from whole and sections of different types of fish then cured, pickled, and brined in special sauces catfish and bottom fish go crazy over.

Salmon Eggs

We professionally process salmon eggs taken from the Pacific Northwest. These are so beautifully cured, that fish and fishermen find this product to be quite irresistible. These are the finest eggs anywhere! Guide's Choice® egg skeins are available in a wide array of custom packaging.

Nectar Scents

Guide's Choice® nectars or scents make sense! They're made from real Prawns, Sand Shrimp, and Salmon Eggs, purified into a fish catching potion that fish find irresistible. Commonly used to enhance the scent of fresh bait, lures, yarn and fly's. This product has become quite popular throughout the Pacific Northwest with guides and fishermen who want that added edge of catching more fish.

Pickled Sturgeon Candy

Our Pickled Sturgeon Candy has proven to be the best selling pickled bait product sold any where in the Pacific Northwest. Sturgeon love it! And this is why we named it what we did. Whole and sections of fish are pickled in enhanced fish catching sauces, which extend shelf life freshness.

Live Packaged Products

Our live products are so fat, sassy, wiggly, squirmy and fresh that it takes longer to get them on the hook than it does to catch a fish. Live products include Mealworms, Maggots, Nightcrawlers, and Sand Shrimp (Ghost). These products are sold, packaged or in bulk, to wholesalers and retailers.

Fresh Cured Products

Our fresh cured Guide's Choice® products are processed in our special cure that enhances the natural flavors of each cured product that we provide. These products are also cured in various fluorescent colored dyes, and custom packed for maximum freshness. Fresh cured fishing bait is an extremely effective fish catching product for both fresh and saltwater fish.

Frozen Products

Frozen bait is the natural food that both freshwater and saltwater fish find irresistible. These products can be found in both individually custom labeled, vacuum-sealed packaging for maximum freshness, as well as bulk.
